AI-assisted Development: Claude, Cursor, Grok, OpenAI

Integrations & CMS: Stripe, Slack API, WordPress, WordPress Multisite, Localization (EN/AR; RTL/LTR), SEO

Professional Experience

VetEngage - Dallas, TX, USA

Senior Full-Stack Developer

January 2025 - July 2026

- Collaborated on VetEngage, a SaaS platform for veterinary clinics, contributing to its client-facing online booking experience and internal administrative dashboard.
- Developed and maintained responsive frontend features using React, TypeScript, Vite, Tailwind CSS, and shadcn/ui.
- Contributed to the product marketing website and shared design system, helping maintain a consistent user experience across customer-facing and internal applications.
- Contributed to a React frontend monorepo supporting the marketing website, online booking experience, and internal dashboard, while also contributing to a separate Python backend codebase.

Mesasix - Dallas, TX, USA

Full-Stack Developer - Timetracker v2 (Slack-native SaaS)

August 2024 - December 2024

- Took ownership of the Vue.js, Tailwind CSS, PHP/Laravel time-tracking rewrite after the original developer's departure, supporting its production rollout and resolving critical subscription, clock-in, and time-calculation issues.

Mesasix - Dallas, TX, USA (continued)

- Optimized slow database queries, maintained Slack slash-command and interactive time-tracking workflows, and handled customer support for the paid product.

Senior Frontend Developer - Luxsurance

July 2021 - July 2024

- Collaborated on the Vue.js and Tailwind CSS customer application, integrating .NET REST APIs for core insurance workflows.
- Contributed frontend work to the internal administrative dashboard for operations, partners/retailers, and customer management.
- Contributed to the development and maintenance of the Luxsurance WordPress marketing website.
- Worked in an Agile/Scrum environment using Microsoft Teams and Azure DevOps.

WordPress Developer

January 2017 - June 2021

- Contributed to the development and maintenance of WordPress websites for US and UAE commercial, nonprofit, and government clients.
- Built and supported multilingual WordPress Multisite platforms with English and Arabic localization, including right-to-left (RTL) and left-to-right (LTR) layouts.
- Contributed to large UAE government web platforms, including the Ministry of Foreign Affairs and International Cooperation (MNFCA) and the Ministry of Culture and Knowledge Development (MCKD), including MCKD's network of subsites.
- Delivered WordPress sites for clients including twofour54, Jarvis Analytics, Jarvis University, Ears Texas, and We Thrive ABA.

Junior Full-Stack Developer

June 2016 - December 2016

- Contributed to the first version of Mesasix Timetracker, a Slack-native time-tracking application, using Laravel, PHP, jQuery, HTML, and CSS.

Education

Mindanao State University - Iligan Institute of Technology

Bachelor of Science in Information Technology

June 2012 - June 2016
